

## Facilities Management Solutions

# OSHA Inspections

FMS offers turnkey solutions, handling everything from planning to executing and ensuring survey-ready compliance. With OSHA's new National Emphasis Program (NEP) targeting hazards in critical sectors, we streamline the inspection process for a hassle-free experience.

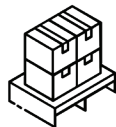

## OSHA's Focus Areas:

Workplace hazards including:

**Powered industrial  
vehicles**

**Material  
handling/storage**

**Walking-working  
surfaces**

**MEANS OF  
EGRESS**

**FIRE  
PROTECTION**

Heat and ergonomic risks will be assessed and recorded during each inspection, with a health inspection initiated if such hazards are identified by the Compliance Safety and Health Officer (CSHO).

## Our Services:

### Consulting

FMS consultants will be on-site to provide you with consulting services that will ensure regulatory compliance and foster a safer environment for your occupants.

### Inspection & Surveys

Our OSHA inspections and surveys will identify potential hazards, ensure compliance with regulations, and implement proactive measures to enhance facility safety, thereby safeguarding your occupants and minimizing liabilities.

### Repairs & Remediation

Our facility company will seamlessly manage and execute all necessary compliance repairs, ensuring regulatory adherence and operational continuity for our clients.

### Labor & Materials

FMS ensures compliance with OSHA regulations by exclusively sourcing OSHA-compliant materials for all projects. Additionally, FMS relies solely on its own skilled employees for all labor, ensuring quality control and accountability throughout the process.

### Documentation

Comprehensive compliance documentation is crucial for demonstrating regulatory adherence and survey-readiness. FMS will ensure our customers have all necessary documentation to meet regulatory requirements efficiently.

### CAD/Design Services (Life Safety Plans & Egress Maps)

FMS will deliver precise life safety plans or refine your existing ones to guarantee their utmost accuracy.

## Deliverables

### 3 Year Duration

- July 2023-July 2026

### State Plan Participation

- In addition to the national emphasis, state plans must be adopted within 6 months

### Programmed & Unprogrammed Inspections

- Inspections based upon fatalities, catastrophes, complaints, or referrals shall be expanded to include hazards included in this NEP.
